CONNECT WITH LOMIKO ON FACEBOOK, TWITTER AND LINKEDIN FOR TECHNOLOGY UPDATES ON GRAPHITE, GRAPHENE, 3D PRINTING AND THE INTERNET OF THINGS

SEPT. 1, 2015

TSX-V: LMR

Vancouver, BC - LOMIKO METALS INC. (TSX-V:LMR, OTC:LMRMF, FSE:DH8B) (the "Company") and Lomiko Technologies Inc. are introducing a better way to find information on Lomiko, graphite, graphene technology and 3D printing.

"Technology is rapidly changing and information and insight on how those changes are affecting investing trends is the new gold", stated A. Paul Gill, CEO "One of the biggest trends is the interconnectivity of all devices through the internet. The ability to monitor devices in your home when your away is only the start of this change."

Although Lomiko maintains a web site at www.lomiko.com and an e-mail list through info@lomiko.com, social media is a much easier way for shareholders and investors to manage how they connect with the company on the effects of trends such as the Internet of Things, Big Data, 2D Materials and 3D Printing.
